T-NUTS

T-Nuts are a press-in type of threaded insert that is used in soft materials like wood or plastic. It has sharp prongs under the flange that dig into the material like a nail.

Typically used for fastening metal to products made of wood, particle board or plastic. 4 prong T-Nuts can be used in hard or soft wood.

4-PRONG T-NUTS

THREAD SIZE	PART NUMBER	BODY DIAMETER (±.015) "A"	FLANGE DIAMETER (±.1/32) "B"	LENGTH (±1/32) "L"	MATERIAL THICKNESS (±.015) "T"	PRONG HEIGHT (±1/32) "C"	DRILL SIZE
