## KJ-70A SPLIT BODY SPIN-PULL-SPIN THREADED INSERT TOOL

The mandrel spins to load the insert, second it retracts to set the insert, and third it reverses. This is all done with a one button trigger!  
 Low hand stress, especially suitable for assembly line applications.  
 Tool body separated from booster.

**Capacity in steel: Thin Wall 1/2-13, Thick wall 3/8-16.  
 Comes with 6-32, 8-32, 10-24, 10-32, 1/4-20, 5/16-18 &  
 3/8-16 set-ups.**

Replacement Mandrel	Replacement Nose Piece	Size
